

Recording our lives in stories, images and objects

The Alwyne community has come together during this pandemic – let's make a record of this, for us, for those who live in the Drive & Grove in the future, and for anyone interested in extraordinary ordinary lives.

How to record:

- * write your everyday story, a poem, journal extracts
- * take photographs, draw, paint, make a short video
- * gather objects that have become special over the past few months

What to record:

- * what it's like staying in and/or going out
- * shopping networks, deliveries, queuing
- * gathering together – clapping, bagpipes, marking VE day – and isolating
- * paid work, being furloughed
- * volunteering, activism, parenting, supporting adults
- * being ill, being well, being pregnant
- * hobbies, food, gardens, crafts
- * lockdown clothes
- * coping with the loss of people, places, activities
- * joys, anxieties and dailiness in the midst of it all
- * whatever you like . . .

What next:

- * email your piece to alwyne2020@gmail.com
- * or leave in the box by Ann's front door (27 AD)
- * website: www.thealwynes.co.uk
- * (perhaps) a small exhibition for our post-acute-Covid-19 street party

For more info, or if you'd like to work with Ann on this, email Ann on alwyne2020@gmail.com or drop a note in the box by her front door.

Contributions welcome from everyone 'down the Alwynes' – kids and adults
